About WIJABA Ambassador Program

Founded in 2008, the WIJABA Ambassador Program was developed around an exclusive group of business leaders, students, and community advocates led by James J. Owens, a professor at the University of Southern California Marshall School of Business. Through this program, ambassadors are provided with unique opportunities to develop and lead projects in various fields by working closely with support and advice from fellow ambassadors and WIJABA Board of Directors.

The World is Just a Book Away is founded on the core belief that education breaks the cycle of poverty and promotes peace around the world. We provide children with hope through books and education in our libraries and reading rooms, empowering them to change their own lives and the world at large. We began our work in Indonesia and will expand to other developing countries, where we can make a major impact by partnering with local communities to better the lives of their fellow citizens.
